Illinois Route 66 Scenic Byway

MINUTES OF THE REGULAR MEETING OF THE MUNICIPAL SERVICES COMMITTEE OF THE VILLAGE OF WILLOWBROOK HELD ON MONDAY, SEPTEMBER 8, 2014 IN THE VILLAGE HALL, 7760 QUINCY STREET, IN THE VILLAGE OF WILLOWBROOK, DUPAGE COUNTY, ILLINOIS

1. CALL TO ORDER

Chairman Mistele called the meeting to order at 6:01 PM.

2. ROLL CALL

Those present at roll call were Chairman Michael Mistele, Trustee Suzanne Berglund, and Administrator Tim Halik. Absent: None.

3. APPROVAL OF MINUTES

After review of the draft minutes from the August 11, 2014 Regular Meeting of the Municipal Services Committee, Chairman Mistele made a motion to approve the minutes as presented. Trustee Berglund seconded the motion. Motion carried.

4. DISCUSSION – Proposed Lease Agreement: Antenna Equipment, Fire & Security Systems, Inc.

Administrator Halik reminded the committee that in 1997, the Village passed an ordinance approving a lease agreement with PrimeCo Personal Communications. The Agreement allowed the placement of a small equipment building located at the base of the Village water standpipe, with antennas mounted at the top of the standpipe. This equipment was used for private personal communications purposes. PrimeCo later became U.S. Cellular. Through the agreement, the Village received an annual payment from PrimeCo/US Cellular from 1997 thru 2013 in return for the use of the Village facility. On July 7, 2014 the Village received notification from US Cellular of their cancellation of the Agreement effective September 27, 2014 and their intent to decommission the antenna site thereafter. Halik further advised that due to a recent federal ruling in the US Court of Appeals, 7th Circuit, business arrangements between private alarm companies and public fire departments/districts has been refined. As a result, the fire alarm company, Fire & Security Systems, Inc., which currently maintains equipment at the Tri-State Fire Protection District Station #1, must find a new location for its equipment. They have requested consideration of a new lease agreement with the Village to locate some equipment and two radio antennas upon the public works facility. Staff has negotiated the basic terms of such an agreement including payment provisions. Halik advised that prior to requesting that the Village Attorney draft a lease agreement for both the Committee's and Board's consideration, the committee should review the details of this proposed agreement and authorize moving forward. The Committee advised that they were agreeable to the proposed terms, and authorized staff to work with the Village Attorney to draft an agreement.

5. DISCUSSION – Village-Wide Fall Brush Collection Program: October 13th thru October 17th

Administrator Halik advised the Committee that this past Spring the Village's regular tree maintenance contractor, Mario's Tree Service, completed the Village-wide Spring brush collection program. The program included curb-side collection of piled brush throughout town. Afterwards, the brush was separately ground at the Village public works facility to

produce a high-quality mulch for use within the parks, and to provide to residents. At the time this program was considered, the members of the Municipal Services Committee requested that staff seek other proposals from reputable landscape maintenance contractors to perform the Fall brush collection program, to ensure prices remain competitive. The Fall program will consist of a curb-side chipping program, with the resulting chips hauled away, since we currently have no need for them. Halik advised that staff has solicited proposals from five landscape maintenance contractors, three of which offered a proposal for consideration. Halik advised that Mario's Tree Service offered the low proposal of \$105/hour/crew to perform this program. This represents the same hourly rate that Mario offered in the Spring of this year. Therefore, the estimated cost of the Fall program would be \$8,400 -- two crews working 40 hours each. Halik advised that staff would recommend the proposal submitted by Mario's Tree Service and Landscaping in the amount of \$105.00/hr. per chipping crew be accepted to perform the Village-wide Fall Brush Collection Program. Halik advised that if the Committee was in agreement, a resolution accepting the proposal will be placed on the agenda for the September 22nd regular meeting of the Village Board. The Fall Brush Program would be scheduled to occur the week of October 13th thru the 17th. Chairman Mistele advised that the committee is in agreement, and recommended that this item be placed on the Board's consent agenda.

6. REPORT – Village Hall Renovation – Change Order #1

Administrator Halik advised that there was one change order addition pertaining to the construction of the new Village Hall that he wished to review with the Committee. Halik shared that after removal of the floor covering in the lower office level as part of the demolition process, an old metal cable duct was discovered running throughout the office area. The previous owner of the building revealed that the duct was originally installed within the floor slab to provide cable access to offices for computers, phones, etc. However, the duct had since been abandoned. The metal duct was found to be deteriorated and causing the concrete topping to crack and fail. Both the architect and general contractor do not recommend that new carpet be placed over these cracked and crumbling areas. The scope of work will include the complete removal of the old duct and filling-in the trench with concrete for a cost of \$6,365.25. Halik stated that since the completion of this work was necessary to allow other work to continue without delay, the mayor was consulted and it was agreed that the change order be accepted and ratified by the Village Board after-the-fact. Therefore, the change order was accepted on August 25, 2014 by Administrator Halik. Chairman Mistele stated that this item represents an unforeseen condition, which should be completed. However, he also stated that staff should obtain a more detailed breakdown of the individual costs of all portions of the change order work so that a more detailed review of the price can be performed. Halik agreed and stated that a full breakdown for each future change order item will be requested from the general contractor to be reviewed by the architect of record and the Village before acceptance. Halik then distributed a copy of a written summary of all project change orders to date and reviewed each with the Committee. Chairman Mistele advised that typically change orders extras as part of a renovation project of an existing building will cost about 10% of the project bid.

7. REPORT – Municipal Services Department

- a. Administrator Halik reviewed the monthly permit activity report for August 2014. The Village has taken in just under \$9,000 in permit revenue for the month. Halik advised that in total for the first four months of fiscal year 2014/15, the Village has received approximately 26% of the anticipated FY2014/15 budgeted revenue.
- b. Administrator Halik shared the water system pumpage report for July 2014. The report indicates that the Village pumped slightly over 33 million gallons in the

month. At this point, we have pumped about 6.5% less water this year as compared to the same timeframe last year. Halik also advised that, although we are only quarter into the fiscal year, we are slightly below where we should be at in order to meet our estimated pumpage projection of 385,000,000 gallons.

8. VISITOR'S BUSINESS

(None)

9. COMMUNICATIONS

(None).

10. ADJOURNMENT

Motion to adjourn was made by Chairman Mistele and seconded by Trustee Berglund. The meeting was adjourned at 6:26 PM.

(Minutes transcribed by: Tim Halik, 10/9/14)

MUNICIPAL SERVICES COMMITTEE MEETING

AGENDA ITEM SUMMARY SHEET

AGENDA ITEM DESCRIPTION

**DISCUSSION - VILLAGE HALL RENOVATION PROJECT:
OFFICE FURNITURE PROPOSALS**

COMMITTEE REVIEW

- Finance/Administration
- Municipal Services
- Public Safety

Meeting Date:

October 13, 2014

- Discussion Only
- Seeking Feedback
- Regular Report
- Approval of Staff Recommendation (for consideration by Village Board at a later date)
- Approval of Staff Recommendation (for immediate consideration by Village Board)
- Report/documents requested by Committee

BACKGROUND

Immediately after the start of construction on the new Village Hall began on July 23, 2014, staff started meeting with various office furniture vendors to solicit proposals. These meetings were held between July 29th and August 11th. Our project was reviewed, and each vendor was asked to develop a furniture layout plan, based on the same basic design, to include a mid-range furniture product. Once a preliminary plan was received, all employees were afforded an opportunity to provide feedback on the plan and final plan changes were made. All price proposals, based on the final plan, were then due on October 6, 2014. A total of five (5) proposals were received which are attached. Staff compiled a summary of each proposal, which is included on the top page, to assist in comparing all proposals.

REQUEST FOR FEEDBACK (if any)

Rather than select a particular furniture manufacturer (e.g., Hon, Allsteel, Steelcase, National, Trendway, etc.) and a particular series of furniture produced by a manufacturer, each vendor was merely asked to pitch a mid-market line of furniture product for our project. This way, a particular vendor would not be excluded from consideration, and we would be able to review all furniture options available (in the mid-market range). Vendors were advised that criteria used for selection would include: Furniture design features and available options, color and surface selections, durability, quality of workmanship, availability, and price. All proposals received include installation.

STAFF RECOMMENDATION

Staff looks forward to reviewing and comparing the details of each proposal with the Committee so that a selection can be made. Given the lead time required, the furniture vendors are recommending that an order be placed by the end of October to receive the furniture and complete installation by late November/early December. Therefore, a selection should be made and that particular proposal forwarded to the full board for consideration at their October 27th meeting.

Village of Willowbrook
7760 Quincy Street
Willowbrook, IL 60527
Attn: Timothy Halik

Project: Village Hall
835 Midway Drive
Willowbrook, IL 60527

Thank you for allowing Midwest Office Interiors, Inc. the opportunity to bid on the furniture for your new facility.

Enclosed please find our furniture plans and pricing based on selections we have made within the HON product line. We have included labor to receive, deliver and install using Prevailing Wages labor. We are providing discounting for HON product under TCPN – The Cooperative Purchasing Network.

You will find that we have provided pricing per area, describing our selections of product, with Grade 3 fabric choices to be selected. All areas will have standard laminate work surfaces with highly recommended Flagship series steel components and storage. Mayor Trilla and Conference Room 210, are the only areas where we are providing veneer furniture. We have included single and double monitor arms with keyboard platforms along with magnetic glass boards as noted.

GRAND TOTAL – product and labor - \$ 123,836.22

Midwest Office Interiors, Inc. is prepared to perform at a level that will exceed your expectations, if awarded this project.

Thank you for this opportunity.

If you have any questions, please feel free to call me.

Sincerely,

A handwritten signature in cursive script that reads 'Cheryl K. Fischer'.

GOVERNMENT,
PUBLIC SECTOR &
NON-PROFITS

The Cooperative Purchasing Network

THE COOPERATIVE PURCHASING NETWORK

TCPN Contract #HMBB2
Pricing effective January 7, 2014

Your best value for government, public sector and non-profits workplace furniture. That's HON.

The HON Company is a leading designer and manufacturer of workplace furniture for the government, public sector and non-profits—and we have been since 1982. Our product lines offer a broad choice of desk, workstations, seating, storage, and tables for all kinds of work environments—and all kinds of work.

Need an ergonomic work chair? An executive office? A few workstations? Maybe even an entire floor of furniture? Consider HON your single source for all your office furniture needs.

Why choose HON?

When you choose HON, you're choosing value in every sense of the word. Not only will you spend less than you would on luxury office furniture brands, you'll still get premium quality and durability. Our workplace solutions perform as well or better than higher-priced products because we meet or exceed the same rigorous industry consensus standards (ANSI/BIFMA). On top of that, the HON Full Lifetime Warranty—one of the strongest in the industry—guarantees a risk-free purchase.

Co-op buying that impacts and empowers. That's TCPN.

Put real power behind your next purchase and save time, cost, and compliance worries. The Cooperative Purchasing Network (TCPN) is your fast track to effective co-op buying for all your needs.

Why TCPN?

- TCPN's contracts leverage the purchasing power of more than 37,000 actively engaged governmental entities.
- The TCPN team has 100+ years of government purchasing experience and over 50 years in governmental auditing.
- All TCPN contracts are competitively bid and awarded by a single governmental entity - Region 4 Education Service Center.
- TCPN routinely monitors our contracts through third-party audits and regular reviews to ensure vendor accountability.
- Sign up for free at www.tcpn.org.

What does that mean to you?

+ + + =

VALUE FOR GOVERNMENT, PUBLIC SECTOR & NON-PROFITS

HON provides industry leadership in many areas critical to government, public sector and non-profit functions. These qualities form the backbone of our relationship with you and ensure that our products meet your needs.

Customer-inspired Solutions

Through HON's proven Voice of the Customer process, we listen to our customers in all of the markets we serve. This helps us provide workplace solutions that meet the full range of their needs. We offer a broad choice of products for government customers, with fabrics and finishes that coordinate across all product categories.

Cross-functional Team of Experts

When you work with HON, you work with specialists in sales, service, customer support, and contract management—all of whom understand the intricacies of government procurement. And because HON is a member-owned organization, HON members have an extra incentive to provide the best service experience in the industry.

Strong Past Performance

You'll find HON workplace solutions at government, public and non-profit installations across the country, including VA hospitals, military bases, and numerous federal agencies. If you're looking for a supplier with a proven track record, there's no more reliable choice.

Customer-focused Distribution Network

Our extensive distribution network assures your order will arrive at any government location in the world—complete and on time. We also recognize the importance of government initiatives to promote small business and socio-economic development, and we have the right partners in place to help government end-users in these efforts.

A Culture of Lean

When our founders launched their new company in 1944, they devised an innovative product line out of material that others may have considered scrap. Their philosophy was formalized in 1992 when we introduced Rapid Continuous Improvement (RCI), which empowers our members to adopt more efficient production processes and eliminate waste.

Sustainable Leadership

As a government contractor, HON recognizes its role in helping customers preserve and protect our nation's natural resources. HON was one of the first furniture manufacturers to receive level 1 certification for its products, ensuring compliance with the BIFMA e3 sustainability standard. Today, 75% of our product volume has earned level certification.

PRODUCT RESPONSIBILITY

The HON Company strives to incorporate recycled content into our products as part of our overall sustainable design and manufacturing. Ignition® seating and Voi™ desking are two practical applications of this practice.

FULL LIFETIME WARRANTY

Warranties are not usually exciting reading material. But we think the HON Full Lifetime Warranty is something special in our industry. It's not that we've worked hard on the warranty itself. Instead, we've worked hard to make it easy to warranty our products. Here is how we can provide and stand by what we believe to be the **best warranty in the office furniture industry**:

Your HON Full Lifetime Warranty

Every time you purchase a HON product, you're making an investment in your future. We're proud to play a part in that future, and you can trust us to do our best for as long as you need us.

The HON Full Lifetime Warranty is our assurance to you that the HON desks, workstations, seating, tables, or storage you purchase will be free from defective material or workmanship for the life of the product.

In the unlikely event that any HON product or component covered by the HON Full Lifetime Warranty should fail under normal workplace use as a result of defective material or workmanship, HON promises to repair it. If we are unable to repair it, we will replace it with comparable product or, if you prefer, we will refund your purchase price.

What's covered by the HON Full Lifetime Warranty?

Your HON Full Lifetime Warranty applies to product manufactured after January 1, 2011. All HON product lines, materials, and components are covered by your HON Full Lifetime Warranty except for the items described below.

The specific product lines, materials, and components listed below are covered under HON's Full 12-Year and Full 5-Year Warranties (from date of purchase).

HON's Full 12-Year Warranty

- Electrical components (lamps and ballasts are not covered)
- Seating ilira®-stretch
- Laminate surfaces
- Seating controls
- Signal seating upholstery fabric
- Accessories
- Wood seating
- Veneer surfaces

HON's Full 5-Year Warranty

- Panel and seating textiles

These warranties apply to HON products sold within the United States of America, U.S. Territories, and Canada, as well as U.S. Military and Federal Agency purchases (regardless of location).

Is anything not covered?

There are a few exclusions to the HON Full Lifetime Warranty and to the 12- and 5-year warranties. These exclusions are:

- All *basyx* by HON® products (these products are covered under a separate *basyx* by HON® warranty).
- Color-fastness or matching of colors, woodgrains, or textures occurring in wood, leather, or other materials that naturally exhibit inherent color variations.
- Customer's own materials (COM) selected by and used at the request of a user.
- Modifications or attachments to the product that are not approved by The HON Company and product failures resulting from such modifications or attachments.
- Product normal wear and tear, which is to be expected over the course of ownership.
- Products that were not installed, used, or maintained in accordance with product instructions and warnings.
- Products used for rental purposes.

Warranty requests or questions?

Your HON dealer is our mutual partner in supporting your warranty requests. To obtain service under this warranty, please contact your HON dealer. If you are not sure who your dealer is, please call HON Customer Support at 800-833-3964.

THAT'S YOUR HON FULL LIFETIME WARRANTY. AS AN OWNER OF HON PRODUCT, THE WARRANTY EXPLAINED HERE IS YOUR SOLE AND EXCLUSIVE REMEDY. THERE ARE SOME EXCEPTIONS IF YOU PURCHASED THE PRODUCT FOR HOME OR PERSONAL USE WHICH ARE EXPLAINED BELOW. TO THE EXTENT ALLOWED BY LAW, THE HON COMPANY MAKES NO OTHER WARRANTY, EITHER EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE HON COMPANY WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES.

LIMITED 5-YEAR WARRANTY

Refer to the written warranty for a complete statement of the terms of the warranty, a copy of which is available at: hon.com/Warranty.

TERMS & CONDITIONS

All purchases subject to the terms and conditions of the HON TCPN agreement. Prices subject to change without notice. Some photos may not reflect actual models or colors offered. Assembly not included.

Terms & Conditions - Rieke Office Interiors

Company: VILLAGE OF WILLOWBROOK
Quote#: 43194

Date: 9/25/14

Total Amount of Quote: \$ 117,025.00

The following five items are required before an order is placed. ROI will release an installation date only after these requirements have been met.

1. A 50% down payment, with the 50% balance due on **original** installation date.
All orders under \$5,000.00 must be paid in full prior to order entry. _____ Initial
2. Final color and finish selections
3. Signed quote and terms sheets
4. Any approved custom drawings, with signatures on each page
5. If field measurement is required, installation date will be determined **AFTER** the field measurement is complete. _____ Initial

Contractor contact info: _____

**Any changes to the order after 2 business days of the original order date will result in price and installation date changes.*

Further Terms and Conditions

6. Any changes to delivery and installation dates by the customer - after 48 hours from the ROI scheduler's call to the customer - will result in extra delivery & installation charges and **the final payment is still due on the original installation date. Changes must be a minimum of 48 hours in advance of delivery time!** Customer will receive a reminder e-mail approximately one week before the installation. If ROI arrives and the customer is not ready for the delivery and installation, delivery and installation charges will be doubled for the new date!
_____ Initial
7. All ROI-manufactured product is non-returnable as it is specifically made for your project.
8. Any costs (labor & material) incurred due to cancellation of an order are the customer's responsibility.
9. Unless otherwise stated, price is based on a complete, one-time installation. Phasing will involve additional costs.
10. Pricing is based on non-union installation performed during non-overtime hours (M-F 7am-4pm) with free use of lifts and elevators. If an elevator is not available at the time of scheduled installation, delivery may be postponed and additional delivery and installation charges **WILL** be charged to the customer (see item #6). _____ initial
11. All final electrical to be handled by a certified electrician. All connections must be complete and area free from any trades.
12. Unloading and installation areas must be clean and clear.
13. Any work requested of ROI installers other than stated in quotation will be written and charged separately.
14. Attached please find a sample of our *Certificate of Insurance*, which is more than adequate for furniture delivery and installation. If any riders or further coverage is needed, the additional charge will be passed on to the client.
15. All permits required are the responsibility of the customer.
16. If the sale changes to a lease *after* the order is placed, a \$100 paperwork processing fee will be added to the total.
17. In another green move by ROI, invoices will no longer be mailed, but will be e-mailed.
18. **Title to the furniture shall remain vested in ROI and shall not pass from ROI until the purchase price for the furniture has been paid in full and received by ROI. Until title to the furniture passes:**
 - a. ROI shall have the authority to retake all or any part of the furniture:
 - b. ROI and its agents and employees shall be entitled at any time and without the need to give notice enter upon any property upon which the furniture or any part is stored, or upon which ROI reasonably believes them to be kept.

ROI manufactured product carries a lifetime warranty, exclusive of normal wear & tear.

Village of Willowbrook Pumpage Report

Village of Willowbrook August 2014- Status Report

Season Perspective

The summer of 2014 is one of the coolest on record. "The statewide average temperature for July was 70.3 degrees in Illinois, which ties the record for the coolest July set back in 2009," according to the Illinois State Climatologist Jim Angel at the Illinois State Water Survey, University of Illinois. The cool temperature pattern continued through the month of August with the exception of a recent warming trend into the upper 80 degree range.

While the summer of 2014 was cool, it was the ninth wettest on record since 1871. Since mid-May there have been ten (10) significant rainfalls and corresponding floodwater mosquito brood hatches. The latest flooding rain of 2.50 inches at O'Hare on August 21st triggered a major brood to hit the Chicagoland area right after the Labor Day weekend.

The last half of July and first part of August at O'Hare International Airport was relatively dry and the July monthly total rainfall about 1.0 inch below normal. This dry weather pattern was conducive to the development of *Culex pipiens*, the northern house mosquito and primary transmitter of West Nile virus (WNV). For example, to date in DuPage County, there have been fifty-five (55) positive WNV mosquito samples with thirty-four (34) (62%) spiking during the month of August. Therefore, larval site inspections and larviciding efforts have been focused on *Culex* habitats to prevent the development of within the community boundaries. Adulticiding sprayings will be performed, not only for peak floodwater mosquito annoyance periods, but also if the potential of WNV increases.

Mosquito-Borne Disease Update

According to the CDC, "as of August 26, a total of 44 states and the District of Columbia have reported West Nile virus infections in people, birds, or mosquitoes. Overall, 297 cases of West Nile virus disease in people have been reported to CDC. Of these, 157 (53%) were classified as neuroinvasive disease (such as meningitis or encephalitis) and 140 (47%) were classified as non-neuroinvasive disease."

On August 18th, the Illinois Department of Public Health reported the first human WNV case in the City of Chicago in a 70 year old woman. The woman became ill in July and is recovering at home. A second human case was announced in downstate, Crawford County in a woman in her 80s. In 2013 for comparison, Illinois incurred 117 WNV human cases, including 11 deaths.

Surveillance efforts within Illinois has confirmed 644 WNV-positive mosquito samples, of which, 451 are in Cook County, 55 in DuPage, 17 in Will County, 9 in Kane County, 8 in Lake County and 7 in McHenry County. The 97 other positives have been reported in downstate counties. In addition, 22 WNV-positive birds have been identified in Illinois counties.

County	American Crow	Blue Jay	Other Birds	Mosquito Batches	Horse	Human Cases
COOK	5	0	2	451	0	1
DUPAGE	0	0	0	55	0	0
KANE	1	0	0	9	0	0
LAKE	1	0	0	8	0	0
MCHENRY	0	0	0	7	0	0
WILL	0	0	1	17	0	0
TOTAL (40 Counties)	11	0	11	644	0	2

Brood Prediction

The floodwater mosquito (*Aedes vexans*) is the key nuisance species in the Chicagoland area. Distinct hatches of floodwater mosquito populations, or broods, are triggered by significant rainfall events. The Clarke Brood Prediction Model calculates peak annoyance periods based on rainfall and temperature data collected from weather stations in your area.

Weather Station Name	Rainfall Date	Rain Amount (inches)	Brood Prediction Date
Du Page Co.	08/04/2014	0.66	08/22/2014
Du Page Co.	08/10/2014	1.41	08/26/2014
Du Page Co.	08/21/2014	2.83	09/04/2014

Recommendations

The CDC currently shows a risk category 2. Increase larval control, source reduction, and public education emphasizing personal protection measures, particularly among the elderly. Intensify adult mosquito control in areas where surveillance indicates human risk, initiate adult mosquito control if not already in progress, initiate visible activities in community to increase attention to WNV transmission risk. Work with collaborators to reduce risks to the elderly.

Operation and Surveillance Reports

Below is a report outlining all services performed in the month of August. These services could include the following:

- **1252 Complete Site Larval Inspection Service:** *Inspection service of all potential mosquito larvae development sites.*
- **1302 Targeted Site Larval Inspection:** *Inspection of all targeted larval development sites.*
- **1352 Larval Site Service Call:** *Special inspection of standing water for mosquito breeding per hot line request.*
- **1752 Backpack Larviciding:** *Backpack larviciding for biological control of mosquito larvae sites.*
- **1754 Hand Larviciding:** *Hand equipment larviciding for biological control of mosquito larvae.*
- **2002 Catch Basin Trmt:** *Catch Basin treatment for larval control.*
- **2006 Natular T30 Catch Basin Bike:** *Catch Basin treatment for larval control.*
- **2015 150-day Altosid Briq Street CB:** *Catch Basin treatment for larval control.*
- **2019 Altosid XR CB Bike:** *Catch Basin treatment for larval control.*
- **2021 Altosid CB Bike – 30 day:** *Catch Basin treatment for larval control.*
- **2712 Biomist ATV/ULV Appl. Nights:** *ATV/ULV application for adult mosquito control.*
- **2802 Anvil Truck ULV Application:** *Truck ULV application for adult mosquito control*
- **2808 Anvil Truck ULV Streets/Drives:** *Truck ULV application for adult mosquito control*
- **2888 Truck ULV:** *ULV application for adult mosquito control.*

Services Performed August 2014:

Service Item	Start Date
ROS2018 - Vectolex WSP CB Bike - 30 day	08/13/2014
ROS1852 - Mosquitofish (G. Affinis) Stck	08/14/2014
ROS1852 - Mosquitofish (G. Affinis) Stck	08/14/2014
ROS1302 - Targeted Site Larval Insp Serv	08/19/2014
ROS1305 - Culex Site Inspection Service	08/25/2014

Village of Willowbrook September 2014- Status Report

Season Perspective

After the ninth wettest summer on record, late September turned dry with no significant rainfalls since September 10th. There were three floodwater mosquito brood hatches in the first half of September, but the temperature pattern diminished their impact. High mosquito trap counts and biting activity were concentrated in wooded area with harboring vegetation. Adult mosquito activity will cease with the first major frost that typically occurs by October 9th in northern Illinois.

Mosquito-Borne Disease Update

According to the Centers for Disease Control (CDC), *“as of September 23, a total of 46 states and the District of Columbia have reported West Nile virus (WNV) infections in people, birds, or mosquitoes. Overall, 979 cases of West Nile virus disease in people have been reported to CDC. Of these, 544 (56%) were classified as neuroinvasive disease (such as meningitis or encephalitis) and 435 (44%) were classified as non-neuroinvasive disease.”* For a perspective, in 2013 there were a national total of 2,469 WNV human cases, and 5,674 in 2012.

As of October 1st, the Illinois Department of Public Health reported twenty-eight (28) human WNV cases in Cook, DuPage, Kane, Lake, LaSalle and McHenry Counties in the northern part of the state. For a perspective, in 2013 there were an Illinois total of 117 WNV human cases, and 290 in 2012.

Surveillance efforts within Illinois have confirmed 1,227 WNV-positive mosquito samples, of which, 83% occurred in northern Illinois where the human cases were diagnosed. The following chart summarizes 2014 WNV activity in Illinois counties, as of October 1st:

County	American Crow	Blue Jay	Other Birds	Mosquito Batches	Horse	Human Cases
COOK	7	0	2	875	0	9
DUPAGE	0	1	0	92	0	0

Brood Prediction

The floodwater mosquito (*Aedes vexans*) is the key nuisance species in the Chicagoland area. Distinct hatches of floodwater mosquito populations, or broods, are triggered by significant rainfall events. The Clarke Brood Prediction Model calculates peak annoyance periods based on rainfall and temperature data collected from weather stations in your area.

Weather Station Name	Inch Date	Rain Amount	Brood Prediction Date
Du Page Co.	08/21/2014	2.83	09/06/2014
Du Page Co.	09/09/2014	0.73	10/02/2014
Du Page Co.	09/10/2014	0.71	10/03/2014

Recommendations

The CDC currently shows a risk category 1/2. Biting adult mosquitoes activity and limited or sporadic epizootic activity in birds or mosquitoes. Conduct Integrated Vector Management program to monitor and reduce vector mosquito abundance. Conduct environmental surveillance to monitor virus activity (mosquitoes, sentinel chickens, avian mortality, etc.) Initiate community outreach and public education programs emphasizing personal protection measures, particularly among the elderly.

September 2014 New Jersey Light Trap Counts

(*Red numbers indicate an annoyance level)

Trap Location	Sep 01	Sep 03	Sep 05	Sep 08	Sep 10	Sep 12
7710 Virginia Court	28	33	37	0	8	0

Operation and Surveillance Reports

Below is a report outlining all services performed in the month of September. These services could include the following:

- **1252 Complete Site Larval Inspection Service:** *Inspection service of all potential mosquito larvae development sites.*
- **1302 Targeted Site Larval Inspection:** *Inspection of all targeted larval development sites.*
- **1352 Larval Site Service Call:** *Special inspection of standing water for mosquito breeding per hot line request.*
- **1752 Backpack Larviciding:** *Backpack larviciding for biological control of mosquito larvae sites.*
- **1754 Hand Larviciding:** *Hand equipment larviciding for biological control of mosquito larvae.*
- **2002 Catch Basin Trmt:** *Catch Basin treatment for larval control.*
- **2888 Truck ULV:** *ULV application for adult mosquito control.*

Services Performed September 2014:

Service Item	Start Date
ROS1752 - Vectobac (B.T.I.) BP Larv	09/02/2014
ROS1305 - Culex Site Inspection Service	09/08/2014
ROS2888 - Biomist 3+15 Truck ULV	09/10/2014
ROS1305 - Culex Site Inspection Service	09/15/2014
