# MAYOR'S MESSAGE

At the time of this writing, the budget stalemate in Springfield is in full swing. As Crain's Chicago Business so aptly described it recently, Governor Rauner's ideology is clashing with Speaker Michael Madigan's power. Until that divide is bridged, we are all collateral damage. This is the concern among Illinois municipalities, including Willowbrook. Part of the Governor's announced "Turnaround Agenda" plan is to reduce the amount of state income tax revenue the state shares with municipalities, known as the Local Governmental Distributive Fund (LGDF). This sharing agreement dates back to 1969, when the state opted to collect income tax for the entire state and share a portion of it with municipalities, so each individual town would not need to collect. Therefore, this is not the state's money to withhold. The state needs to find a way to balance their budget, but it should not be on the backs of municipalities that have struggled with their own budgets. More directly to this issue, I believe that until a fundamental change occurs in the manner in which Springfield conducts business, siphoning off more money to throw at the monster will be futile. Perhaps portions of the Governor's plan have merit, but they must be implemented as part of a comprehensive agreed upon structure taking all sides of the argument into account. This task lies squarely in the hands of our legislators and all other involved stakeholders. Until steps towards a resolution are found, we are all at risk. We encourage state leaders to work together and reach a compromise on the state budget as soon as possible.

I have traveled to Springfield on several occasions this spring with a group of mayors to meet with legislators and share our message. Many of the legislators understand and support our position, however, the state also clearly has its own problems to contend with. The state's fiscal year runs from July 1st through June 30th. The state's current fiscal year budget was passed with a deficit, meaning that additional funding needed to be "found" in order to fund items included within the current budget year. Similarly, the state is staring at another budget deficit for the coming year. Various residents have asked me how this budget stalemate will affect Willowbrook. There are several areas in which we have already felt the impact:

- Suspension of \$400,000 OSLAD grant to renovate Willow Pond Park – This grant was to cover 50% of the planned renovation of the park. It has been suspended until further notice.

- Suspension of \$92,000 DCEO grant to install LED Streetlight Fixtures – This grant was suspended effective June 30, 2015. The funding for many DCEO grants has not yet been re-appropriated by the legislature.

- Suspension of \$60,000 DCEO grant to renovate Lake Hinsdale Park – This grant was to fund renovations to Lake Hinsdale Park. This grant was also suspended effective June 30th, since funding has not yet been re-appropriated.

- Reduction of Motor Fuel Tax (MFT) Revenues – This money, which is received from the state, is used to repair Village roadways. Part of the money was "swept" in order to cover the deficit in the state's current budget.

If the state's budget impasse continues and the state government experiences a temporary shutdown, please know the Village will not be directly affected. Essential services will not be interrupted – police and fire protection will continue as well as utility services and public works operations. However, we remain very concerned about the longer-term effects of a potential reduction to LGDF revenues. Since the Village does not levy a conventional property tax, LGDF revenues from the state make up one of our largest revenue sources to enable us to provide essential services to the community.

If you have any questions, comments, or suggestions please feel free to reach out to me (ftrilla@willowbrook.il.us, or 630-323-8215 Village Hall). I am interested in any comments or recommendations you may have pertaining to our community. If you have a question that I cannot outright answer, I promise I will find the answer. The Village employs a very professional staff and we are part of an informational network including membership in several Councils of Government to use as resources.

I hope you have been enjoying your summer, and I feel honored to represent you as your mayor.

Sincerely,

Frank A. Trilla  
Willowbrook Mayor

### Geese Alert!

Feeding geese and ducks has been a favorite pastime for some of our residents. Mother Nature never intended these animals to be given food by people. Please refrain from feeding waterfowl as it disturbs their natural diet. For further information please call the Village of Willowbrook at 630-323-8215.

### Help Make Our Parks More Beautiful

The Village of Willowbrook is very pleased to offer a Celebration/Memorial Program that allows you to make a contribution for a new or existing tree or bench in one of Willowbrook's parks in someone's name or, if you wish, simply contribute to make our parks more beautiful. All funds from this program are used to manage the program and to add more trees to Willowbrook's parks.

Trees and benches can be purchased as a gift to a friend, to celebrate the birth of a child, a marriage, or another momentous event in your family or to memorialize a loved one. This long-lasting gift serves as a perpetual reminder of those people and events that make our lives special.

For more information, go on-line at [www.willowbrookil.org](http://www.willowbrookil.org), click on Parks & Recreation, and then Celebration/Memorial Program.
