MINUTES OF THE REGULAR FINANCE AND ADMINISTRATION COMMITTEE MEETING OF THE VILLAGE OF WILLOWBROOK HELD ON MONDAY, OCTOBER 14, 2013 AT 6:00 P.M. IN THE VILLAGE HALL, 7760 QUINCY STREET, WILLOWBROOK, ILLINOIS.

**1. CALL TO ORDER**

The meeting was called to order by Trustee Davi at 6:00 p.m.

**2. ROLL CALL**

Those present at roll call were Trustee Umberto Davi, Trustee Paul Oggerino, Interim Director of Finance Carrie Dittman, Executive Secretary Cindy Stuchl, and Management Analyst Garrett Hummel.

**3. APPROVAL OF MINUTES**

Minutes of the Regular Finance and Administration Committee held on Monday, August 12, 2013 were reviewed. Motion to approve made by Trustee Oggerino, seconded by Trustee Davi. Motion carried.

**4. DISCUSSION - Village Cash Flow / Financing Analysis - Sikich LLP**  
Director Dittman explained this item came up as a result of the goal planning workshop held on July 29, 2013. A request was made that the Village consider obtaining a recommendation from a third-party financial consultant on appropriate methods to fund the various projects and infrastructure expenditures under consideration by the Board. Sikich was contacted to determine whether they could assist the Village in such a project. Village staff met with James Savio, a partner at Sikich, to discuss the expectations of the project. It was decided that Sikich would provide computerized financial models for three Village funds: The General Fund, the LAFER Fund, and the Water Fund (including Water Capital Fund). The scope of work will include the development of financial projections for a period of five (5) years. With this information, recommendations can be made to determine the appropriate methods of funding for future capital projects.

Sikich provided a proposal to complete this project for a not-to-exceed amount of \$12,850. The project will help the Village manage expenditures from funds that have a combined available balance of about \$6 million. Trustee Davi inquired as to what big purchases the Village has coming up besides the new building. Director Dittman responded that the Village is considering a Comprehensive Plan update, water meter replacement project, water tower painting project, etc. Trustee Oggerino asked what the time frame was for this analysis. Director Dittman stated the work would start immediately and should be done by the end of the calendar year. Director Dittman explained if approved the item would be up for approval at the Board Meeting later this evening. Trustees Davi and Oggerino accepted staff's recommendation.

**5. DISCUSSION - Telephone Service Provider**

Management Analyst Hummel explained that in May 2013, the Village Board approved a contract with Platinum Communications Group to conduct an audit of the Village's telecommunications services and provide a recommendation for the Village's next contract renewal. Platinum Communications Group has recommended the Village enter into a telecommunication contract with Call One of Chicago Illinois.

Call One is a wholesaler of AT&T services that provides service to over 90 municipalities and governmental entities in the Chicagoland area. Call One currently has entered into a telecommunications contract with the Suburban Purchasing Cooperative (SPC) which provides reduced rates for municipalities compared to AT&T. The Village of Willowbrook is eligible

to receive the rates negotiated by the SPC. The contracts included in the proposal are two 2-year contracts for local/long distance services and Centrex service as well as a 3-year contract for a new PRI. Analyst Hummel explained by switching to Call One the Village would be saving roughly \$1,900 per month compared to the current AT&T contracts. Trustee Davi inquired as to how Call One could provide such low rates. Analyst Hummel responded that he would look into the inquiry. Analyst Hummel concluded by stating this item would appear on a future Board agenda most likely the October 28, 2013 meeting.

#### **6. DISCUSSION - Business License Fees**

Executive Secretary Stuchl began by explaining that while generating business license renewals to send to Willowbrook business for their 2014 Business licenses, she noticed an issue with the required annual fee to be paid by bowling alleys. The current fee paid by a bowling alley in the Village's code is \$45 per lane per year. For Willowbrook Bowl located at 735 Plainfield Road, which operates thirty-two (32) bowling lanes, the annual fee would calculate to \$1,440. This annual business license fee amount for this type of business is comparatively high when considering other taxes that must be paid to the Village. In addition to retail sales tax on items, this type of business also would pay the Village a separate 6% amusement tax on gross receipts as a result of the bowling use, and a 1% Places of Eating Tax for a restaurant or snack shop use. This item was brought to the attention of the Village Clerk and Mayor. Village staff contacted the DuPage County Clerk's Association and received a survey listing annual business license fees charged to bowling alleys by other municipalities. The Village's business license fee was higher than nine (9) of the ten (10) jurisdictions that responded to the survey. If the Committee concurs the annual business license fee charged to bowling alley uses will be adjusted to a flat fee of \$100 per year. Trustee Oggerino asked whether a new ordinance would need to be drafted. Executive Secretary Stuchl responded that the change would only require a text amendment. Trustees Davi and Oggerino agreed with the change.

#### **7. REPORT - Fiscal Year 2012/13 Audit**

Director Dittman provided a brief update on the Fiscal Year 2012/13 Audit. Director Dittman stated the auditors had completed their work and would be presenting their findings to the Board at the next Board meeting. Director Dittman wanted to highlight that the auditors are reporting that the General Fund has 198 days of operating expense. Trustees Davi and Oggerino acknowledged the report and stated they were happy to hear the audit went well.

#### **8. REPORT - Monthly Disbursement Reports - August/September 2013**

The Committee reviewed and highlighted the items below for the month May.

### BACKGROUND

One component in the Parks and Recreation Department budget process is the how the Special Recreation Tax Levy plays a part of the funding certain Department expenses. We are now in the process of considering components for the tax to fund the FY 14-15 expenditures. Attached you will find a summary of the Special Recreation projects.

Over the last several years, the Board levied the tax as an alternative to taking expenses out of the General Fund. Currently, the tax impact for a homeowner with a market value of \$300,000 is approximately \$15.00. The Village Board determined that the effect of funding the following items through the Special Recreation Tax is preferable to funding them from the General Fund:

- 1) Willowbrook's membership in the Gateway Special Recreation Association and direct staff costs
- 2) Expenses in assisting recreation participants requiring ADA accommodations
- 3) Improvements to our park and playgrounds in providing better accessibility

At the November 25 Village Board meeting, Staff anticipates making a recommendation to the Board to consider levying the Special Recreation tax for next year again in the amount of \$71,135. At this amount, the tax impact for a home owner with a home market value of \$300,000 would be approximately \$17.00. This is a 4.23% increase over the prior year's levy, which includes additional amounts planned for large park expansions. Any tax collected is restricted to be used on special recreation activities.

The tax levy from last year is compared to the 2013 requested levy:

<u>Tax Levy Year 2012</u>	<u>Tax Levy Year 2013</u>
Gateway membership	\$ 36,833
Staff costs	5,400
ADA Accommodations	7,775
Park Landscape Supplies	4,600
Park Improvements	<u>13,300</u>
Total	<u>\$ 67,908</u>

BACKGROUND	
<p>At the Illinois Municipal League (IML) Conference last month, a vendor was in attendance that gave a presentation on a municipal mobile application for smart phones. The iCity Corporation has developed a mobile app geared for municipal use intended to improve communications with citizens and visitors of a community to promote business and therefore capitalize on revenues. This application can be downloaded onto an iPhone or Android operating system. An icon would appear on the screen allowing the user to access Willowbrook business information, community events, etc. So far, two (2) Illinois communities, River Forest and Bensenville, have signed contracts with iCity to provide the service.</p>	
REQUEST FOR FEEDBACK	
<p>At the Committee meeting, Mr. Hank Rozycki from iCity Corporation will give a brief presentation to demonstrate the application and its uses. Given 62% of individuals own and regularly use a smart phone device, the use of such an application could potentially reach a large portion of our population and benefit the Village both as an improved form of communication and from an economic development perspective.</p>	
STAFF RECOMMENDATION	
<p>Staff would request that the Committee consider this application for use by the Village. If the Committee supports such an application for Willowbrook, the annual cost of the service will be considered as part of the fiscal year 2014/15 budget process.</p>
