7. DISCUSSION ITEMS

- No-Shave November: *Chief Pavelchik explained our officers have join in for a national cancer fundraiser where for their donation the Department will allow them to not shave for the month of November.*
- Adjudication Hearing Officer: *Chief Pavelchik explained that the Village had received an unsolicited curriculum vitae from a recently licensed attorney wishing to be the Village’s adjudication hearing officer. When the Village Board last interviewed prospective hearing officers (around 2008-2009) the process was that a request for proposal (RFP) was prepared, bids presented and vetted before the contract for services was awarded. Trustee Berglund asked how the current hearing officer is? At this time police staff have absolutely no complaints with the current vendor; he is efficient, personable to the public and well versed in the procedures of red light violation hearings. The Chief added that the costs are well under budget and are not excessive. Trustee Kelly indicated that he will speak with the Village Administrator about this and other legal services that might need review. Chief Pavelchik indicated that an RFP could mimic the last process if the Board wishes to change services.*
- 20 MPH Signs in the Village: *Chief Pavelchik provided the Committee with information about minimum speed limits being 25 mph by statute but that at some time in the Village’s history, 20 mph signs were posted. Our officers are aware of the discrepancy and only enforce 25mph. To remove/replace the signs might upset the community members; this discussion was just to keep the Committee informed about the signage.*
- Other Undocumented Signs: *Deputy Chief Schaller explained to the Committee that several restricted parking zones were discovered to have no legal support in Village Code for the signs posted, specifically on Executive Drive. The Committee supports bringing forth ordinances for proper posting of signs.*
- Float of Comp Hours (2 Week Float): *The Chief and Deputy Chief D/C Schaller explained to the Committee some recent issues in the calculations of compensatory time and the limits in place by the Village Personnel Manual and the Police collective bargaining agreement (CBA). D/C Schaller also commented on a potential new scheduling program which will facilitate our payroll and time off accounting.*
- FirstNet: *Chief Pavelchik provided the Committee a brief overview of the*

FIRSTNET program which will provide secure and unfettered cellular channels for public safety.
