Paul Oggerino

Village Administrator

Brian Pabst

Chief of Police

Robert Schaller

Director of Finance

Carrie Dittman

What is being done? The Village of Willowbrook is in the process of issuing an “Interior Demolition” permit to Sterigenics at 7775 S. Quincy Street.

Who requested this? The Property Owner and the tenant, Sterigenics

Why is this being done? Sterigenics does not ‘own’ the property. The Property Owner requires the tenant to return the building to the condition at time of original lease.

What will be involved? Interior demolition consisting of, but not limited to removal of any equipment the tenant (Sterigenics) installed.

What equipment will be involved? Typical construction equipment consisting of heavy machinery movers, refuse *dumpsters, work trucks, fork lifts, construction personnel, etc.

When will this process begin? Week of March 2nd 2020

How long will the Interior Demolition process take: Estimated time frame of 6-8 weeks.

What is the next step? The Property Owner and the tenant, Sterigenics, are in the process of applying for an additional permit that will cover removal of modifications and additions made to the original building footprint. The Village will post another update when those details become available.

* Dumpsters will be located primarily within the building’s interior dock bays. However, periodically they may need to be staged outside of the building during the exchange process.
